

## Get emergency alerts on your personal computer

All members of the campus community can get emergency notifications directly on their computer by installing Alertus.

### **Alertus Desktop Client for Windows (XP / Vista / Windows 7 / Windows 8)**

Student - [Download version 2.6.48.121](#)

Employee - [Download version 2.6.48.121](#)

### **Alertus Desktop Client for OSX**

Student - [Download version 2.6.22.187](#)

Employee - [Download version 2.6.22.187](#)

Note: You must be connected to the WSU network to get notifications from Alertus
